NEW YORK STATE BAR ASSOCIATION

New York State Bar Association Continuing Legal Education publications are intended to provide current and accurate information to help attorneys maintain their professional competence. Publications are distributed with the understanding that NYSBA does not render any legal, accounting or other professional service. Attorneys using publications or orally conveyed information in dealing with a specific client's or their own legal matters should also research original sources of authority.

We consider the publication of any NYSBA practice book as the beginning of a dialogue with our readers. Periodic updates to this book will give us the opportunity to incorporate your suggestions regarding additions or corrections.
