The Antitrust Section Mergers Committee and KLDiscovery Present:

THE MEANING OF HSR CLEARANCE

– LESSONS FROM PARKER HANNIFIN/CLARCOR AND TRONOX/CRISTAL AND COMPARISON WITH GLOBAL ANTITRUST APPROVALS

Join us for a panel discussion on two recent merger cases: the DOJ's suit against (and eventual settlement with) Parker-Hannifin/Clarcor and the FTC's suit against Tronox/Cristal. Our panel will discuss these two proceedings, including the potential competitive theories of harm, and key takeaways for counseling clients. The program will also discuss the implications of HSR clearance and compare that with antitrust approvals in non-U.S. jurisdictions, particularly the European Commission.
