

ASSOCIATES SERIES TELECONFERENCE

How to Conduct an Antitrust Overlap Analysis

Client calls. They are considering buying a company and want to understand the antitrust risk and timeline for the transaction. The very first task that will be assigned to the associate on the deal is to conduct an overlap analysis. The NYSBA Antitrust Section Mergers Committee invites you to a telephonic program as part of our “Associates Series” focused on conducting an antitrust overlap analysis in merger matters. Our panel features antitrust practitioners with extensive experience in merger matters across a wide array of industries who will discuss best practices in conducting an overlap analysis and their tips and tricks to develop the most robust analysis in a short timeline.
