

Staff Memorandum

EXECUTIVE COMMITTEE
Agenda Item #3(a)
(Consent Calendar)

REQUESTED ACTION: Approval of an amended stated purpose for the Committee on Lawyers in Transition.

When it was originally appointed, the Committee on Lawyers in Transition was charged with developing initiatives to help lawyers who temporarily leave practice to re-enter the profession. Since its founding, the committee has broadened its activities to include lawyers who are changing the focus of their careers and assist them in identifying and pursuing other career opportunities. Accordingly, the committee has proposed an amended stated purpose to cover its broadened focus; copies of the current and proposed stated purposes are attached for your review. Your approval of the amended stated purposes is requested at this meeting.
