RE: Task Force on the Future of the Legal Profession

Dear Executive Committee Members:

In June 2011, the Executive Committee approved a plan for the implementation of recommendations contained in the report of the Task Force on the Future of the Legal Profession. The Committee on Resolutions subsequently sent letters to appropriate sections, committees, and other entities requesting assistance with implementation. Some of the entities responded by sharing their plans, and we reported their responses to you. Since that time, we have identified recommendations that are not being addressed. The most significant “gaps” in implementation are identified in the enclosed chart. We are seeking input from the Executive Committee about appropriate next steps with respect to these gaps.

Sincerely,

David P. Miranda
