Bill McLaughlin is currently the Executive Vice President and Chief Technology Officer at Atlantic, Tomorrow's Office, a provider of office automation solutions and one of the largest privately held technology companies in the United States. Bill has been with Atlantic for nine years and is responsible for the implementation of cutting-edge technology and strategic initiatives, allowing Atlantic to assume a leadership role in the industry. Previously, he held leadership roles at several top-tier office technology companies, including NER Data Corp, Parts Now, and Allied Office Products. Bill is a recognized thought leader in the IT Managed Services industry and is highly regarded as a significant voice in the ever-evolving office automation technology industry.

Bill is very active in supporting several nonprofit organizations. He serves as chair or committee member, responsible for raising funds and awareness, for Christian Health Care Center, Westchester Hospice, Girl Scout Heart of the Hudson and United Hospice of Rockland County. Bill is also the Co-Founder and Chairman of the Board for The Jillian Fund. Bill currently resides in Montvale, NJ, with his wife, Kristina, and two daughters, Sofia and Isabella.
