Who are we? New York State Bar Association and the International Section

The New York State Bar Association ("NYSBA") is an organization of attorneys in the State of New York and, with more than 72,000 members, is the largest voluntary bar organization in the United States.

The International Section ("NYSBA International") is one of the most active sections of the NYSBA having approximately 2,000 members internationally with chapters in over 70 cities worldwide and is NYSBA's global representative and its international advocate for the rule of law.

In addition, NYSBA International brings members together to discuss and influence the resolution of key legal practice issues before local, state, national and international policy makers. Members are primarily professionals practicing law at major international law firms and multi-national corporations.

What will I get from participating?

The Regional Meeting offers participants opportunities to:

- Attend programs with faculty foremost in their field who will address both legal and professional issues and their impact on international practices;
- Exchange ideas and strategies with other professionals on an informal basis;
- Meet and network with key players from leading U.S. and foreign firms who share common interests and concerns relating to international law.

How will my Organization be Promoted as a Sponsor?

All sponsors receive the benefit of being exposed to a large audience of legal professionals. In addition to the benefits listed for each specific sponsorship level on the previous page, each sponsor's profile/advertisement/logo will be included in:

- The International Section's promotional brochure that will be shared with approximately 2,000 attorneys and in-house counsel who are members of NYSBA International Section.
