

# WHY VOLUNTEER WITH FREE LEGAL ANSWERS?

I volunteer with Free Legal Answers because it's convenient, impactful, and helps me avoid any potential conflicts as a government attorney. With Free Legal Answers I have been able to make an impact for people without access to counsel just by devoting a lunch hour to some brief research. I can also pick and choose among legal issues to avoid the many potential conflicts that can arise from being a New York State employee. I encourage all attorneys to sign up and devote a little time to make a big impact.
